Playing Honors: I have been playing soccer competitively since I was 7 years old. I play year round which has allowed me to develop more quickly than my peers. I currently play for the South Shore Select U14 Elite team which is ranked #2 in the country by Got Soccer. I train at least 6 days a week and consider myself to be both a highly technical and smart player. I have been taught to play possession style soccer and believe that one of my biggest assets on the field is my ability to make accurate passes. I am also able to see and use the entire field and am most definitely a team player. I consider myself to be very coachable as well. I have been to Nationals twice (2014, 2015).
